

## INTRO ENVELOPE

You're not getting a truck.  
Relax.

But you are getting the keys —  
and a whole lot more freedom.

Your first clue is already waiting for you.  
Look where you'd shield your eyes from the  
sun.

Step one of adulthood: caffeine and treats.  
This place raised you and your friends.

Sugar was step one.

Self-improvement is step two.

Mirrors. Machines. Go.

Congrats, you showed up.

That counts.

Your next clue is somewhere you've driven  
past a hundred times.

People roll things,

press buttons,

and take games way too seriously.

This store dresses people  
like they live near the ocean,  
even when they don't.  
Find it.

Your next clue is a place that believes  
every game matters  
and napkins are optional.
